

# PERU

Prolotherapy Workshop  
September 3 – 8, 2017

The **American Association of Orthopedic Medicine (AAOM)** through its **Latin American subsidiary (LAOM)** together with the: Clínica Internacional del Peru, offers the Prolotherapy Workshop in Lima Peru. The workshop objective is to enable Medical professionals advance the theoretical and practical training in Prolotherapy. This course will include: daily lectures, instruction on evaluation, correct diagnosis, solutions, needle placement, injection technique and patient treatment.

The Workshop will take place at The Clínica Internacional del Perú (One of the most recognized Clinics in Peru). The course will provide a unique experience in the practical aspect of treatment with Prolotherapy. The participants will have the opportunity to be trained by Physicians with a lot of experience in Prolotherapy, allowing the participants to gain invaluable experience. The course also has a social role by providing free medical care to poor patients.

# 2017 AAOM / LAOM PERU Prolotherapy Workshop

September 3 – 8, 2017
